Size

Available in sizes:
3 - 13 (36 - 48)

Weight

755g
based on a size 8 (42)

Protective midsole

Feet are protected from sharp items entering underfoot with a strong but lightweight composite anti-penetration midsole, tested to 1,100N.

Sole

Slip safety ensured with the innovative IGS™ sole unit, featuring ladder grips for working safely at height and a water-dispersing tread to keep the wearer stable on slippery and contaminated surfaces

Upper

Feet are kept cool through a breathable upper, and because this material is non-leather, this product is vegan-friendly. A scuff-resistant heel and toe ensures added durability.

Footbed

Feet remain cool and sweat-free with a heel pump and heat-reducing air flow channels, while a cushioned foam with air holes for breathability aids comfort.

Lining

Feet are kept dry and cool with a sweat-reducing waterproof lining.

Warranty

We're so confident that our boots will stand the test of time, we offer a 200-day guarantee as standard.

Additional Information

Also available in: XL sizes **14 - 16** (49 - 51).

Description

- A lightweight and comfortable waterproof safety hiker
- Dry and cool feet assured with a breathable waterproof membrane
- Feet stay protected with a composite toecap and midsole
- Top-level grip and stability assured with the IGS™ sole unit
- Durability through a reinforced heel and scuff cap

Toecap

Feet are kept safe from heavy or dropped items with a strong but lightweight composite toecap, tested to 200J.
