EN ISO 20345:2022+A1:2024 S3S AN HRO FO SR

Size

Available in sizes:
2 - 8 (35 - 42)

Weight

635g
based on a size 6 (39)

Protective midsole

Feet are protected from sharp items entering underfoot with a flexible and lightweight composite anti-penetration midsole, pierce-resistant to 1,100N.

Sole

Slip safety ensured with the innovative IGST™ sole unit, featuring ladder grips for working safely at height and a water-dispersing tread to keep the wearer stable on slippery and contaminated surfaces.

Upper

Feet stay dry and cool with a water-resistant and breathable full grain leather upper, while the wearer gets long-lasting safety and comfort from reinforced stitching and a padded scoop collar for comfort when driving.

Footbed

Feet remain cool and sweat-free with a heel pump and heat-reducing air flow channels, while a cushioned foam with air holes for breathability aids comfort.

Lining

Feet are kept dry, cool and comfortable with a highly breathable, padded and durable moisture-wicking lining.

Warranty

We're so confident that our boots will stand the test of time, we offer a 200-day guarantee as standard.
